

At Community Cancer Caregivers we aim to provide relief of financial & social hardships for families due to an unexpected cancer diagnosis by providing a no cost relief caregiving and support services during periods of appointments or convalescence.

Our Vision

We have a vision of a community where a parent diagnosed with cancer no longer feels isolated during a cancer diagnosis, but are supported in their community, by the community.

Community Cancer Caregivers provides temporary, short term care assistance for children who have a parent with cancer at no cost to the family.

To ensure that families receive safe, compassionate, and confidential assistance by an engaged community of trained caregivers. Allowing the patient enough time to take care of themselves and focus on their treatment.

Community Cancer Caregivers hopes to reduce the financial and mental strain of childcare costs on a family when they need it the most.

**Every battle
can be fought
when you have
the right support.**

**We
care**

Our Mission

Community Cancer Caregivers provides no cost relief childcare for parents with cancer.

We care for children 16 and under and provide safe, timely, compassionate support to families throughout a cancer diagnosis and treatment.

To meet that goal, we will:

- Recruit quality volunteers with the relevant experience and vetting to meet the Childcare Acts requirements.
- Arm volunteers with the right knowledge, skills and resources to care for children.
- Build lasting relationships with, and be an effective resource to cancer support organizations to identify and support parents who need us most.
- Raise funds to support programs that have direct, meaningful impact on families we serve.

Our Core Values

Family-centric support

Opportunity and Accessibility

Volunteerism

Accountability

Governance

Family-centric support: We are driven to provide high quality support for families through all phases of the cancer journey.

Opportunity and Accessibility: We believe all parents with cancer, irrespective of gender, race, religion, sexual orientation or socioeconomic status, should receive the childcare they need during their cancer journey.

Volunteerism: Our community is strengthened by coming together to provide support for our parents and their children.

Accountability: We are accountable to all of our stakeholders – children, families, volunteers, community partners, funding partners and supporters – and are committed to evaluating our performance and improving our results on a regular basis.

Governance: We will adhere to all relevant legislation and governance requirements set out by the regulating authorities.
